Subject: AR 6709, Oceano Community Services District MHI Survey

Dear Emma,

Enclosed please find the revised final report for the Oceano Community Services District.

On December 14, 2022, an administrative error in the listing of physical addresses on this report was brought to the attention of the survey implementor. While no survey data or results were affected, some of the physical addresses listed in the report were not correct. The data entry Excel sheet was updated and so was this report to accurately reflect the Oceano CSD service area. The updates were completed on December 16, 2022, and the updated materials were submitted to the SWRCB for approval on December 20, 2022.

The report consists of documentation to determine the Median Household Income (MHI) for the drinking water service area.

If you have additional questions, please feel free to contact me at (308) 641-2807.

Sincerely,

Michael Boyd

Introduction

Oceano Community Services District (OCSD) is a public water system (California Public Water System ID. CA 4010005). Oceano Community Services District is located near Oceano, in San Luis Obispo County, California.

OCSD has plans to implement capital projects identified in the District's Prop 1 funded Water Resource Reliability Program in addition to an application to federal funding through USDA. This funding will be used to improve water reliability for the water system and general water quality improvements.

To be eligible for optimal funding options, OCSD needed to establish their Median Household Income (MHI) for the service area. The State Water Resources Control Board (SWRCB) requested that Rural Community Assistance Corporation (RCAC), a private, nonprofit organization, perform the MHI under the Safe and Affordable Funding for Equity and Resiliency (SAFER) technical assistance program for submittal to the SWRCB - Division of Financial Assistance (DFA).

Survey Validity Period

The survey results are valid for up to five years from the date of the final survey report. The Funding Agency holds the right to audit the data five years from the date of the final report. The Funding Agency is not obligated to use the income survey MHI to determine funding eligibility if there is reason to believe the data is no longer accurate.

Survey Rationale

The MHI data available may not be representative of the MHI for the water system service area boundaries and an income survey is needed. The SWRCB-DFA requested RCAC to conduct an income survey to determine the Disadvantaged Community (DAC) status for planning grant funding eligibility. The addresses of those surveyed are attached and titled "Resident List of Oceano Community Services District" (see Exhibit B, pages 11-72).

Income Survey Methodology

Funding agency guidelines require that an impartial agency conduct the income survey using an approved format.

A unique survey number is randomly assigned to each household receiving a survey questionnaire to maintain the respondent's anonymity. The customer's personal information (name, phone, etc.) is considered confidential and is not provided to any funding agency or other entity. RCAC will retain the original survey forms containing personal information on file at their corporate office, 3120 Freeboard Drive, Suite 201, West Sacramento, California, 95691 for seven (7) years.

OCSD provided RCAC with addresses for the units used in the survey. RCAC developed the letters and survey form based on the Policy for Developing the Fund Expenditure Plan for the Safe and Affordable Drinking Water Fund, Appendix B. Multiagency Income Survey Guidelines established for SWRCB and United States Department of Agriculture Rural Development (USDA-RD) dated August 2021 (see Exhibit C, pages 73-81).

A letter of explanation was mailed and/or delivered on September 22, 2022, to all households within the survey area. The first survey letter and form, and a corresponding postage-paid reply envelope was mailed and/or delivered to each household on September 29, 2022. For renters who did not get a chance to respond to the survey, and a corresponding postage-paid reply envelope was mailed to each renter that did not respond to the first survey on November 10, 2022. The survey responses are mailed back to RCAC to maintain customer privacy.

The income survey form listed income categories and requested respondents to provide the total household income from the past 12 months. It also asked if the respondent how many people reside at the residence, and if the property is a primary home, secondary home, rental property, commercial property, vacant lot, or vacant home.

The median household incomes for the project service area survey were calculated by RCAC as follows:

The median income is defined as that income in the middle of the data collected from the universe after all incomes are ranked in order from lowest to highest incomes. For example, if there are nine houses surveyed, and the five ranks of income are \$10k, \$13k, \$14k, \$19k, \$150k, then **\$14k** is the median income because it is two from the top rank and two from the bottom rank. The median may require averaging if you have an even number of universe data available, and the two incomes in the middle are different.

The definition of household income is the total income in the past 12 months from **all sources**, by all members of one single residence. The results of the survey will be used by SWRCB - DFA to measure the community's ability to finance the project and to determine whether assistance in the form of a special low interest loan rate or grant is needed.

Upon receiving the completed surveys, RCAC calculated the MHI for the project service area community and submitted the data to the SWRCB–DFA SAFER technical assistance grant administrators. Upon concurrence of the data, RCAC will provide a final report to Oceano Community Services District.

Limited English Proficiency (LEP) Data

The Limited English Proficiency (LEP) data from Census.gov, Zip Code Tabulation Area (ZCTA) 93445, Table S1602, 2020 ACS 5-Year Estimates for languages spoken at home and ability to speak English for populations aged five years and up estimates 4.3% of the population speak English less than very well. Based on the LEP information for Oceano Community Services District, RCAC provided the survey letters and forms in English and Spanish.

Median Household Income and Response Rate

An income survey was conducted within the Oceano Community Services District service boundaries (see Exhibit A, pages 6-10). A summary of the results is listed below with more detailed information in the exhibits. The MHI for this survey counted primary and secondary residences.

The guidelines require that vacant homes have an inactive connection to exclude them from the survey universe.

There is a total of 3159 parcels within the OCSD service area; 175 are commercial, one is a vacant lot, eight are vacant homes with active connections leaving 2975 residential parcels (households) to survey. The 402 responses account for a 13.51 percent response rate. A survey universe with 2975 residential households requires a sample size of 298 responses, or 10 percent response rate to meet State and Federal guidelines.

The Median Household Income for Oceano Community Services District is \$52,020 (see Exhibit E, pages 87-101).

Response Rate

Total number of parcels	3159
Total in service area	3159
Total number of commercial	175
Total number of vacant lots	1
Total number of vacant homes (active)	8
Total to be surveyed	2975
Total number of primary home responses	359
Total number of secondary home responses	43
Total survey responses	402
Total number of non-responses	2573
Total number of default responses required	0
Response rate calculation	402 ÷ 2975 = 13.51%

Disclaimer

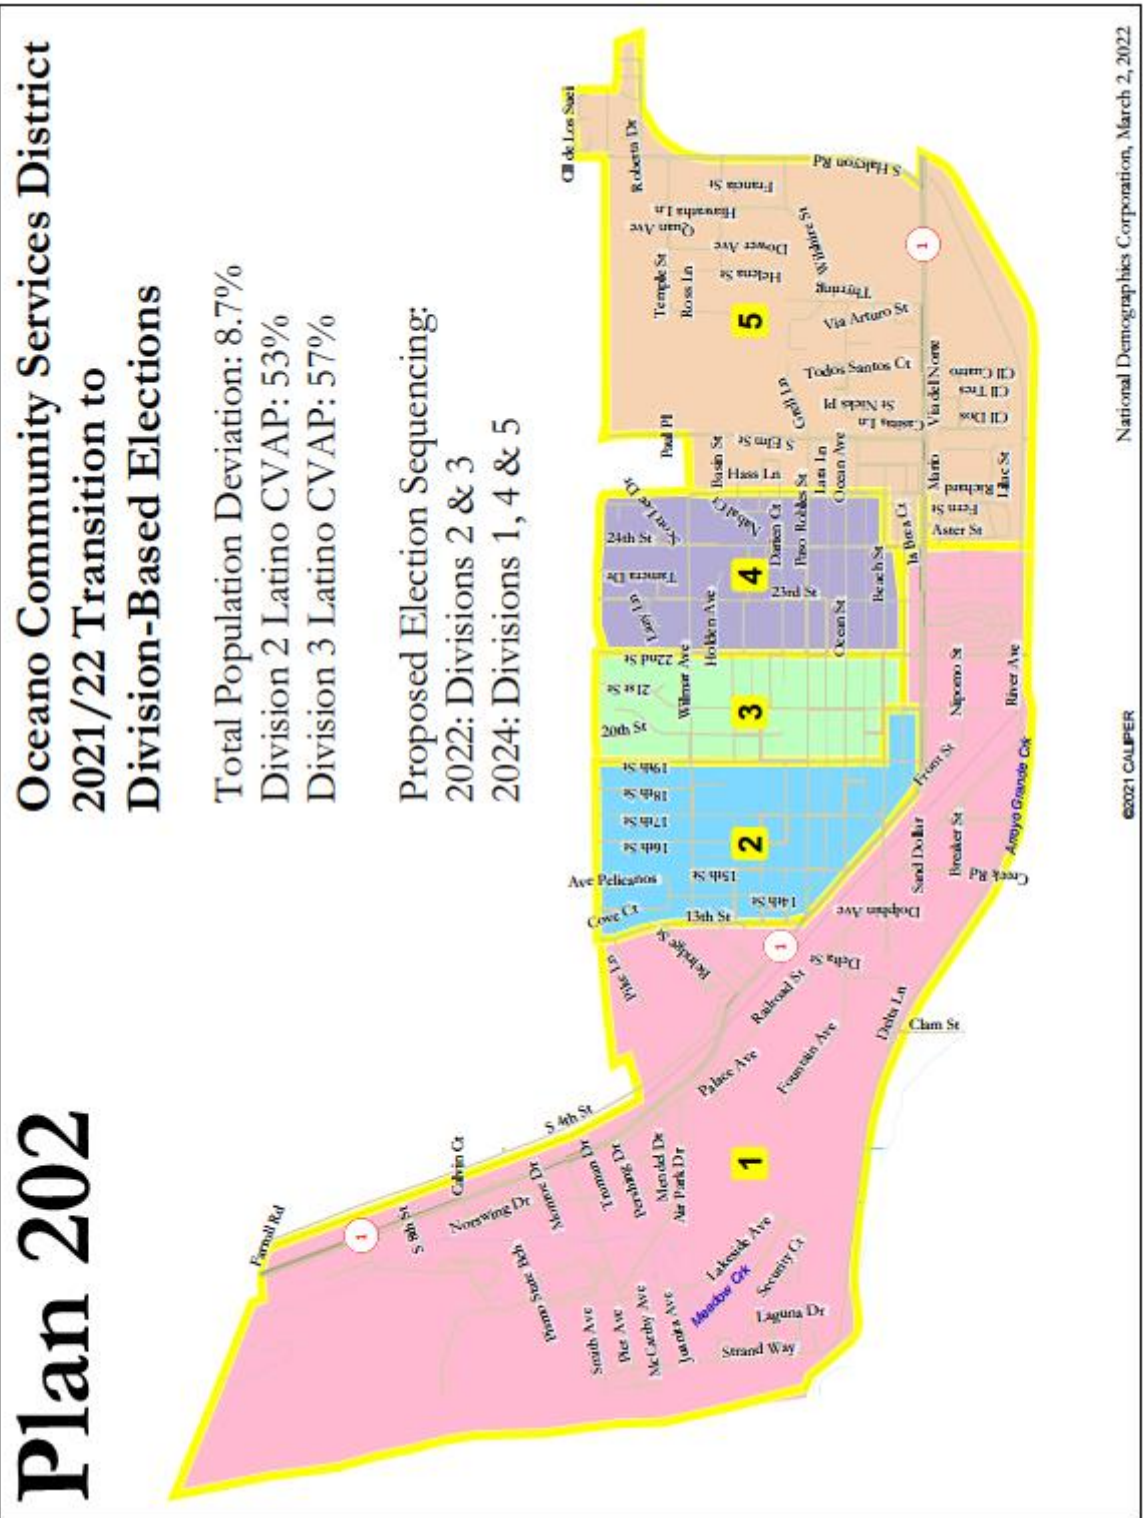

The results of this survey may be used to support loans and or grant applications to multiple funding agencies, for multiple types of projects benefiting residents within the survey area. Each funding agency has unique criteria for determining funding awards. A funding agency may look at the survey in terms of whether a community is disadvantaged, the percentage of low to moderate income people in the survey area, the MHI of the survey area in relation to State non-metro MHI's, or other criteria. These factors help a funder determine whether a project is eligible for funding, whether it is eligible for grants, what percentage of grant is available in a grant loan package, or

what interest rates the project qualifies for in a loan. Eligibility of a project for funding changes with time, so the funding package available to a project this year might not be the same package available next year.

RCAC makes no claims regarding funding eligibility of any projects the system may be considering, now and in the future. Further, funding agencies generally use the most recent and accurate income survey results available when funding projects. RCAC makes no claims about how long the results of this survey will remain valid before being superseded by other newer surveys. It is recommended that the system contact any funding agencies under consideration directly to discuss funding eligibility

Dear Residents of Oceano,

Oceano Community Services District (OCSD) has plans to apply to state funding programs for water system improvements and upgrades that will include the following:

Implementing capital projects identified in the District's Prop 1 funded Water Resource Reliability Program in addition to an application to federal funding through USDA. This funding will be used to improve water reliability of the water system and general water quality improvements for OCSD. This will enable OCSD deliver wholesome water to its customers.

As a part of the application process, the funding agency needs to determine the median household income of the service area. OCSD will have an impartial third-party contractor perform a focused household income survey.

Income surveys require a high percentage of residents to respond for the survey to be considered valid. Submittal of incomplete or inaccurate income information could significantly delay or potentially jeopardize the service area's ability to receive funding support.

It is therefore critical that you provide the information requested accurately on the survey form. **Your response to this survey will be kept anonymous. No personal identifying information will be reported in the survey results.**

Rural Community Assistance Corporation (RCAC) will perform this survey. An income survey will be mailed to you in the next few days. Please complete the information and return it to RCAC, 3120 Freeboard Drive, Suite 201, West Sacramento, CA 95691. If unable to meet the response rate after repeated mailings, RCAC will perform door-to-door surveying.

You can help your community and Oceano Community Services District obtain funding from state and federal funding agencies, so that needed improvements to the water system can be made. Thank you for your assistance. For more information, please feel free to contact:

Estimado residente de Oceano,

Oceano Community Services District (OCSD) tiene previsto solicitar a postularse a programas de financiamiento estatal para mejoras y actualizaciones del sistema de agua que incluirán lo siguiente:

Implementar proyectos de capital identificados en el Programa de Confiabilidad de Recursos Hídricos financiado por la Proposición 1 del Distrito, además de una solicitud de financiamiento federal a través del USDA. Estos fondos se utilizarán para mejorar la confiabilidad del agua del sistema de agua y mejoras generales en la calidad del agua para OCSD. Esto permitirá que OCSD entregue agua saludable a sus clientes.

Como parte del proceso de solicitud, la agencia de financiación necesita determinar el ingreso medio de los hogares del área de servicio. OCSD solicitará a un contratista imparcial la realización de una encuesta centrada en los ingresos medios de los hogares.

Las encuestas de ingresos requieren que un alto porcentaje de residentes responda para que la encuesta se considere válida. La presentación de información incompleta o inexacta sobre los ingresos podría retrasar de manera significativa o poner en peligro la capacidad del área de servicio para recibir apoyo financiero estatal o federal.

Por lo tanto, es fundamental que proporcione la información solicitada con precisión en el formulario de la encuesta. **Sus respuestas a esta encuesta se mantendrán anónimas. En los resultados de la encuesta no se incluirá ninguna información de identificación personal.**

Rural Community Assistance Corporation (RCAC) realizará esta encuesta. En los próximos días, se le enviará una encuesta de ingresos por correo postal. Complete la información y envíela a RCAC, 3120 Freeboard Drive, Suite 201, West Sacramento, CA 95691. Si no se consigue alcanzar el índice de respuesta después de repetidos envíos por correo postal, RCAC realizará encuestas puerta a puerta.

Puede ayudar a su comunidad y a Oceano Community Services District a obtener fondos de las agencias de financiación federales y estatales para que se puedan realizar las mejoras necesarias. Le agradecemos por su colaboración. Para obtener más información, comuníquese con:

ATTENTION: RESIDENTS OF OCEANO COMMUNITY SERVICES DISTRICT

Oceano Community Services District (OCSD) has authorized RCAC to conduct an income survey in your neighborhood. Attached is the survey form that will be utilized to obtain the needed information. Please complete the survey to the best of your ability.

The information obtained through this survey is necessary to determine funding eligibility from various federal or state programs. The funding will be used to implement capital projects identified in the District's Prop 1 funded Water Resource Reliability Program in addition to an application to federal funding through USDA. This funding will also be used to improve water reliability of the water system and general water quality improvements for OCSD. This will enable OCSD deliver wholesome water to its customers. This survey is being conducted to establish an accurate Median household Income of the service area.

Any personally identifiable information will be kept confidential. Income data may be publicly released but will not contain any personally identifiable information. It is important that the information you provide is an accurate representation of the questions asked. Please complete the attached survey as soon as possible and return the completed survey form in the included pre-addressed, postage paid envelope. Assistance can be arranged to help you complete the survey if required. If a response is not received within 15 days, you will receive an additional notice with a second copy of the form for your response.

Once the completed surveys have been received, RCAC will create two separate lists: one with anonymous data from the survey, and one with a list of households. The keys used to associate the survey results with specific households' addresses will be kept confidential and will only be utilized to verify the accuracy of the income report by RCAC.

If you would like more information about the survey and how the information will be utilized to assist the residents of Oceano, please feel free to contact:

Hi Emma,

T date we have 53 responses over the required number, and we achieved this with one mailing, so it is not necessary to conduct a 2nd mailing. However, there are over 100 responses from owners reporting tenants contact information and so while we are going through the QC/QA review process, the plan was to leave the survey open, send the 1st survey request to those tenants to give them an opportunity to respond and continue to collect **all** responses and close the survey in approximately 15 days.

Hi Kimberley,

Do you know of any large discrepancies in the MHI of certain neighborhoods within the service area, similar to Groveland? Have a large number of responses been submitted from a particular neighborhood within the service area? The proposed methodology sounds acceptable, but I would first like to anticipate any concerns that the system may have with the survey methodology once the results are shared.

Thank you,

Good afternoon Samantha,

On November 29, 2022, the Division of Financial Assistance (Division) received Oceano Community Services District's income survey report. The income survey determined that the Median Household Income (MHI) of the community is \$52,020.

The Division accepts the income survey report as submitted. The determined MHI may be used for all projects funded by the Division for up to five years. However, the Division may utilize other methods and/or recommend another income survey should the current MHI appear to not be representative of the community in the future.

Please include a copy of this approval with the final income survey report.

If you have any questions, please contact me at (916) 341-5825 or e-mail at Emma.Blankenship@waterboards.ca.gov.

Good afternoon Samantha,

On December 20, 2022, the Division of Financial Assistance (Division) received Oceano Community Services District's revised income survey report with corrected survey addresses and no change to the MHI calculations. The income survey determined that the Median Household Income (MHI) of the community is \$52,020.

The Division accepts the revised income survey report as submitted. The revised income survey report will replace the report submitted on November 29, 2022. The determined MHI may be used for all projects funded by the Division for up to five years. However, the Division may utilize other methods and/or recommend another income survey should the current MHI appear to not be representative of the community in the future.
