To whom it may concern:

I am writing in to express my concern over one of the board members and the vile things she posts to her public page, Cynthia for Oceano. She is showing a clear desire to divide the community for her benefit. The post that recently drew the most public comment was her statement that the Thin Blue Line flag represents "white supremacy", she also took offence that someone used their private property to fly a flag of their choice. And lastly her use of the term "Latinx" is so incredibly disrespectful to the Latino community within Oceano, it's repulsive. I find it absolutely distasteful that she continuously puts out there that she's a member of the board at OCSD and then turns around and posts such vile things about the members of our community and our law enforcement officers. I have been a resident of Oceano for several years now and where I reside, we are a mixed community and we all get along together. Cynthia's divisive words need to cease, she has now established herself as an instigator and not someone who is keeping our community's best interest at heart.

Thank you,

Jennifer Breault

### To Be Read Aloud

To whom it may concern,

I have been a resident of Oceano for over 40 years. I have never seen so much hate written about the people of our community, and the law enforcement who protect us. Cynthia has gone to far with her personal comments targeting the people of our community. Not to mention that she is using the platform of her position on the board of OCSD to spew her propaganda. It's clear she has no compassion for Oceano, and the people who live here. Her ignorance is clearly reflected in her comments. She should be instantly removed from office or a moratorium put upon her. Not allowing her personal comments to be intermingled with her position on the board. Most people would be terminated from their positions instantly. No matter their seniority in this situation. This is unacceptable and needs to stop!
